

Gloria Who Might Be My Best Friend

(Tune: If You're Happy and You Know It)

If you want a friend and know it, clap your hands
If you need a friend and know it, clap your hands
If you have a friend and know it
Then really, really show it
If you are a friend and know it, clap your hands

Now a friend is a person who is true
And a friend is a person who likes you
'Cause a friend will help you out
There's no need to sit and pout
For a friend is a person who is true

Now a friend will laugh and giggle at your jokes
And a friend will always want to meet your folks
'Cause a friend will help you out
You can stand right up and shout
For a friend is a person who is true
