

The Tree House #2 (Tune: Streets of Laredo)

**Chrissy and Leah both lived in a tree house
Neighbors, they were as they lived side by side
Chrissy would never be sharing her tree house
When Leah came, she would just run and hide**

**Chrissy would laugh at the way Leah's house was
It was not fancy, and it was just plain
Chrissy had pillows and books in her tree house
But Leah tried to be friends all in vain**

**Finally, they chose to be friendly as neighbors
Stared to borrow some fruit and some books
Changed their "Keep Out" signs to say "You are
welcome"
A friend never chooses a friend just by looks**
