Bicep: Triceps, where are you?

Triceps: I'm stuck back here. I fell and I'm pinned under these rocks.

Bicep: I'm trying to maneuver back there, but it's not easy.

Triceps: Try to hurry. There's some ominous clouds approaching.

Bicep: Why did you wander off the reservation in the first place?

Triceps: I wanted to find a physician in case I ever got hurt.

Bicep: And now you're hurt. Get that look of consternation off your face. I'll help you.

Triceps: Watch out for the beehive! Oh no, we're going to be inundated with bees.

Bicep: We're under siege. I better get out of here.

Triceps: What about me? I can't manipulate these rocks to get myself free.

Bicep: Your situation is pretty desolate.

Triceps: Hold on, I just found my special herbs. I just need to chew it.

Bicep: Will it give you super strength?

Triceps: No, it will give me super, stinky odor to repel the bees.

Bicep: And it's going to make me run away faster!

Triceps: Be sure to get me some help!!!!!!
