King Knox needs a knight to help him with many things. First, he asks him to tie a knot.

Next King Knox asks his knight to sharpen a knife. His knight says use it as a butter knife. Then it will not need to be sharp.

King Knox needs some nice warm wool socks. The knight cannot knit socks but he can make a nice, soft bed.

The knight did not like living with the king. He could not knit, or tie knots. He could not sharpen knives.

The knight got down on his knees. "I know one thing," he said. "I do not want to be a knight."

The knight did not want to be a knight. He became a farmer and he was happy planting lettuce and carrots and tomatoes.
