

The Way of An Ant (Tune: Twinkle, Twinkle Little Star)

Tiny ant, how you did climb
Blade of grass served you just fine.
 Dandelion way up high
 Rose above you, you did spy
Then a sunflower you did try
Apple tree, then by and by.

Now a maple tree you found
Up an oak tree then you bound.
 Pine tree, pine tree higher yet
 To the very top, you went
There you saw the sky so blue
Reached the top, you climber, you!
